

## Appendix B – NNEMS University Coordinators

Listed on the following pages are the NNEMS University Coordinators at more than 300 colleges, universities, and distance-learning organizations throughout the U.S. University Coordinators act as representatives of the NNEMS program by promoting the program on campus, displaying and making available to students NNEMS materials, and assisting students in the preparation of their applications.

The University Coordinators are sorted in alphabetical order by name of organization.

The points of contact are current, according to information available at the time of publication.

**Please note:** Any eligible student enrolled for academic credit at an accredited 2- or 4-year college, university, or distance-learning institution may apply for a NNEMS fellowship, regardless of whether or not there is a NNEMS University Coordinator at their university.
